I Believe in Miracles

If you believe that I am against the medical profession, against doctors, against the use of medicine just because I believe in the Power of prayer & the Power of God to heal—you are wrong. Had I chosen a profession, in all probability my choice would have been either medicine or law. But I had no choice: I was called of God to preach the Gospel.

Any truth, no matter how valid, if emphasized to the exclusion of other truths of equal importance, is practical error.

My faith in the Power of God is the same as that exercised by any physician or surgeon when he/she believes in the healing and curing of his patients. He waits for nature (God) to heal gradually, while I believe that God has the ability to heal, not only through a gradual process, but instantly as well. God is Omnipotent, Omnipresent and Omniscient: therefore He is not limited by time nor is He limited by man's ideologies, theologies & preconceived ideas.

If you believe that I think it is a sin to go to a doctor, to take medicine, to have surgery when needed—you do me a great injustice! To be sure; I believe that God has the Power to heal instantly without the material tools of scientific medicine; but I also know that God gave us brains to use! He gave us intelligence—He gave us a will—and He expects us to use good old fashioned common sense.

Dr. Elmer Hess specialist in urology and president—elect of the American Medical Association (AMA) stated in a prepared digest of extemporaneous remarks @ the opening of the annual meeting of the Southern Medical Association. The SMA, with a total membership of 10 thousand doctors, ranks 2nd only to the AMA as the largest general medical organization in America.

“Our medical schools are doing a magnificent job of teaching the fundamentals of scientific medicine. However, I'm afraid that the concentration on basic science is so great, the teaching of spiritual values is almost neglected. All healing is Divine. We as doctors can diagnose, give medication, we can give our patients the best that medical science has given us and the world—but in the final analysis, it is the Divine Power of God that heals.

A doctor has the power & ability to set a bone, but he must wait for Divine Power to heal. A surgeon can skillfully perform the most difficult of operations; he may be a master with a scalpel, using every facet of his well—trained intellect: yet he must wait for a higher power to do the actual healing. Show me the doctor who denies the existence God, and I will say that he has no right to practice the healing art.”

If you are ill, and have not yet developed ([Matt 17:20](#)) the gift of faith to believe in [Miracles](#), then get yourself the best medical assistance possible, and pray that God shall work through the human vessel, and then both of you wait for God to do the actual healing. God's healing power is an indisputable fact ([Exo 15:26](#)), with or without human assistance.

I know what He has done for me, and I have seen what He has done for countless others. What He does for you, depends on you. The only limit to the Power of God lies within the individual!

“...the immeasurable & unlimited greatness of His Power in and for us who believe, as demonstrated when He raised Christ from the dead...” ([Eph. 1:19-20](#))

When God speaks of the greatness of His Power, He speaks of the Power that raised Jesus from the dead. The Resurrection of Christ was, and our Resurrection with Him will be, the greatest demonstration of Power.

The Apostle Paul wrote: “If Christ be not risen, then our preaching is vain and your faith is vain, but Christ is risen from the dead.” ([1 Cor. 15:14-20](#))

The validity of the Christian Faith rests on one supreme [Miracle](#): the cornerstone upon which the whole superstructure of Christianity rise or falls, depends on the truth of this [Miracle](#)—the Resurrection of Jesus Christ.

Because Christ lives, our faith is not vain—our preaching is not vain; and the wonder of wonders is that this exceeding greatness of Power is at our disposal.

The fact is, the [Miracle](#) of the Resurrection of Jesus is a reality. God has promised the [Miracle](#) of the Resurrection to these mortal bodies of ours in the future; therefore, it is only reasonable & logical to believe Him for the [Miracle](#) of healing in our physical body today.

The Power of the Holy Spirit is not confined to any one place or any one system.

[We dare not permit ourselves to get so dogmatic in our thinking, our teaching & our methods, that we exclude all truth of equal importance.](#)

For example: We find that God gave the gift of the Holy Spirit on the day of Pentecost and at the household of Cornelius without any human agency of “laying on of hands”; but at the Samaritan revival ([Acts 19:6](#)), the believers were filled with the Holy Spirit by the “laying on of hands.”

To the one blind man ([Luke 18:35](#)) Jesus plainly said: “Receive thy sight...” and immediately he received his sight.

To the other blind man ([John 9](#)) Jesus spat on the ground & made clay & placed it on the man's eyes then told him to go wash in the pool of Shiloam.

Both men were blind—different methods were used—both received their sight.

Again I submit to you: “The Holy Spirit is not confined to any one place or any one system!”

Nicodemus asked, “How, Master, how can these things be?”

“That which is born of the flesh is flesh; and that which is born of the Spirit is spirit. Marvel not that I said unto thee, ye must be born again.” (John 3:6, 7)

*Preaching the Gospel of the Kingdom of God
Proclaiming Jesus Christ as Lord
Led by the Holy Spirit*

Yours in Christ
